## FUTURE EXHIBITIONS

### 2022 Season - Blyth Festival Art Gallery

*"Altered Nature - Creating with an Intentional and Experimental Eye"*

My first professional solo exhibition will be mounted by the Blyth Festival Art Gallery in the 2021 season.

In 1976, one year after The Blyth Festival began producing Original Canadian Theatre in Huron County, local visual artists Bev and Ron Walker formed a committee of volunteers to create a public art gallery as a complement to the Festival. The aim was to showcase regional artists working in various media. The Blyth Festival Art Gallery was born.

The Blyth Festival Art Gallery hosts five shows annually: one group student show, one group community show, and three professional shows.
