

Artist: Richard Nutt
(known as Nutty, or the Crafty Artist)

Age: Young at heart, getting older by body

Lives: Nearby overlooking Lake Jindabyne.

Creative history:

Self taught woodturner, started about 15 years ago then found a welder too, started combining bits of old metal to bits of old wood, a true recycler some would say! Hope you enjoy my different bits and often funny creations.

I enter in our annual local Easter Lake Light Sculpture events and Art shows and you can usually find me at one of our local markets.
