

Carolina Gårdheim

Carolina Gårdheim [gawrd-hahym], born in 1967, is a soul-driven, late-blooming, autodidact artist/fine art painter with big dreams. She has taken many, many art classes, experimented in her studio for years, and has also been mentored by a seasoned painter.

Living in Vaxholm in the beautiful archipelago of Stockholm, where she has her studio and gallery, Carolina paints intuitively with bravery, passion, and love for texture and details, often colorful and big, in layers upon layers, with acrylics and mixed-media, calling it **Vibrational Art**.

After over 20 years as a successful business owner, working as a coach, retreat leader, author & designer, Carolina, originally an MBA from Stockholm School of Economics, began feeling that she never got enough time to pursue her artistic interests since childhood. Finally, in 2020, she decided that life was too short not to follow her deepest dreams and started painting full-time.

Member of Svenska Konstnärsförbundet (the Swedish Artists Association).
