Thank-you Marllys for introducing me to a future with T.O.S.H. I still remember talking with you regarding the possibilities of re-kindling the classes for children... and your persuasion to teach on Saturdays. With that beginning I've come to the Resident Artist stage and I'm very proud to be here. I hope to continue with children, as they give me great inspiration. Remeber EYES ON YOU, and please stop in once in awhile. Best regards
