- Student Art Exhibition - Naples Classical Academy (December 9, 2023) - Curator

## Professional Artistic Practice

Monica Dix is a multimedia artist whose work bridges traditional and digital techniques. Working from her studio, she creates dreamlike compositions that merge natural forms with geometric elements, basing her work on rigorous study and practice in contemporary realism. Her current series explores the transformation of clouds, flowers, bones, shells, landscapes, and geometric forms through a combination of classical drawing methods and contemporary digital processes.

## Specializations

- Realistic drawing and painting
- Traditional media: graphite, charcoal, silverpoint, pen and ink, painting
- Ceramic sculpture
- Digital art techniques

## Current Projects

- Great Americans Portrait Series - drawings (2023-present)
- Florida landscape compositions
