PROFILE

Sybil Atteck was born in 1911 and died in 1975. She is a national and historic figure of significance in Trinidad and Tobago and was the first locally born artist to be formally educated in Fine Arts. She started her education in 1935 at the London Polytechnic Institute and later received a Bachelor of Fine Arts degree at Washington University in St. Louis, Missouri U.S.A. She continued with further art studies in Lima Peru, England, Italy, and the U.S.A. She was the inspiration for, and a founding member of, the Trinidad Art Society (now the Art Society of Trinidad and Tobago). In 1943, she served as its first Secretary, then later as Vice-president, and then as President for three terms. She led and guided the Art Society through her nation's independence and later became member emeritus. Sybil was a member of the committee for the development of the coat of arms and national flag of Trinidad and Tobago. She is recognized both nationally and internationally as Trinidad's leading artist of her time, leading female artist, and National Grand Master of art during the 1960's and early 1970's. She was the first highly qualified national art teacher, teaching hundreds of the nation's youth and emerging artists, and even formed the first 'recognizable school of art' in Trinidad and Tobago. She firmly established, secured, and influenced the nation's fine arts capabilities and capacity pre-, during, and post-independence. In 1973, Sybil Atteck was the recipient of the nation's second highest award, the Chaconia Medal (Gold), for her eminent contribution to the development of art in Trinidad and Tobago. In the years after her death in 1975, Sybil's legacy and her art have endured. Her art works have been featured in major national art collections, on the Nation's postage stamps, at national events (such as the 200th anniversary of Chinese Arrival in Trinidad and Tobago in 2006), and at numerous local and international art exhibitions.
