419 Covington Ct. Snohomish WA 98290

Born 7/23/1971

With over 30 years as a professional tattooist, Michael T. Gardner is continuing to expand his artistic output and is now looking to actively transition into becoming a full time fine artist. His work focuses on The viewer's relationship with their own inner and outer perceptions and place in the world. With mandala designs figuring significantly in his work he is pushing himself to explore how best to reflect these goals and dynamic themes in his work and bring it to a wider audience.
